Re: EB Docket 06-36; Annual CPNI Certification
File No. EB-08-TC-3635

Dear Ms. Dortch:

Submitted herewith is the calendar year 2012 CPNI certification of CyberNet Communications, Inc. (FRN 0017139436) pursuant to 47 C.F.R. § 64.2009(e). Please advise me if there are any questions regarding this submission.

Very truly yours,

John L. Clark

Counsel for CyberNet Communications, Inc.

cc: Best Copy; Enforcement Bureau

2339/001/X148732.v1

Annual 47 C.F.R. § 64.2009(e) CPNI Certification Covering Prior Calendar Year 2012

EB Docket 06-36

CyberNet Communications, Inc.
FRN: 0017139436
Form 499 Filer I.D.: 823826

I, Francesca Avincola, certify that I am an officer of CyberNet Communications, Inc. (the "Company"), am authorized to make this certification on its behalf, and that I have personal knowledge that the Company has established operating procedures that are adequate to ensure compliance with Section 222 of the Communications Act of 1934 and the 47 C.F.R. § 64.2001 *et seq.*, the Federal Communications Commission rules implementing Section 222.

Attached to this certification is a statement explaining how the Company's procedures ensure that the Company is in compliance with the requirements set forth in the Commission's rules, including those mandating CPNI procedures, training, recordkeeping, and supervisory review).

The Company has not taken any actions (proceedings instituted or petitions filed by the company at either state commission, the court system, or at the Commission) against data brokers in the past year.

The Company has no information with respect to the processes that pretexters are using in attempts to access CPNI. The steps the Company is taking to protect CPNI are described in the attached statement.

The Company has not received any customer complaints in the past year concerning the unauthorized release of CPNI.

The Company represents and warrants that the above certification is consistent with 47 C.F.R. § 1.17, which requires truthful and accurate statements to the Commission. The Company also acknowledges that false statements and misrepresentations to the Commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.

Customer Proprietary Information

CyberNet Communications, Inc. does not allow the use of Customer Proprietary Network Information (CPNI) for sales or marketing of any category of service to which a customer does not already subscribe, except for the provision of CPE, voicemail, inside wire service, or customer calling services.

CyberNet Communications, Inc. has adopted authentication procedures to protect against unauthorized access to CPNI during customer-initiated telephone contact, and visits to the company's business locations at which access to CPNI may be obtained. In case of visits to the Company's location, the customer must provide a proper photo I.D. The Company does not provide access to CPNI during customer-initiated telephone calls. Instead, in cases of requests for information regarding billing, usage, or other CPNI, the Company will provide such information only by return telephone call or fax to the customer's previously-authorized representative. Whenever an address of record is created or changed; the customer is notified of the change in accordance with the FCC's rules safeguarding CPNI. In case where a business customer has a dedicated Company account representative, other authentication methods may be used as expressly set forth in the contract between the Company and the customer.

Except as set forth above, the Company discloses CPNI to third parties only pursuant to lawful process. In the event of any uncertainty, the Company's policy is to consult with counsel before responding to any request for CPNI from a third party.

In the event of any breach in the security of customers' CPNI, the Company will notify law enforcement pursuant to the FCC's rules before notifying customers or publicly disclosing the breach. In addition, the Company will maintain records of all such breaches and notifications as required by the FCC's rules.

The company has trained all personnel who have access to CPNI, or control over access to CPNI, regarding the uses for which CPNI may be made, the restrictions in the use of CPNI, and the authentication requirements for disclosure of CPNI to customers, and all personnel have been trained in the notification procedures to be followed in the event of a breach. The company has no tolerance policy for violations and will discipline any individual who has been found in violation of CPNI requirements. Intentional or grossly-negligent violations will result in termination. In other cases, discipline, up to and including termination, will apply as appropriate.
